

Patents Filing & Requirement

Documents required to obtain a filing date in Indonesia

PCT National Phase

- Copy of the International Application including description, claims and drawings
- Application Form (we will complete this)

Paris Convention and Original Filings

- Copy of the description, abstract, claims and drawings
- Application Form (we will complete this)

We will arrange for translation of the specification into Bahasa Indonesia locally. This translation may be submitted within two weeks of filing the application in Indonesia.

Documents that must be submitted within two months of filing in Indonesia

1. A Power of Attorney,
2. Declaration of Ownership;
3. Assignment of Invention must be filed in relation to all applications.

Further documents are required as follows :

PCT National Phase

- International Search Report
- International Preliminary Examination Report and Chapter II Demand
- Certified copy of Priority Document

Paris Convention

- Certified copy of Priority Document (to be filed within 12 months of the priority date)

Publication

Publication takes place after formalities examination has been completed. The application will be published for six months during which period any interested third party may file an opposition.

Substantive examination

Substantive examination of a standard patent must be requested within :

PCT National Phase

- 36 months from international filing date.

Paris Convention and Original Filings

- 36 months from Indonesian filing date.

Substantive examination may not commence until the six month publication period has expired. Simple patents are automatically examined – no request is necessary.

Annuities

Annuities payments do not fall due until one year from the date of grant of a patent. At that time, all back annuities must be paid.
